

Did you know that ONSITE does more than just provide work experience opportunities?

ONSITE's strategic partnerships with North and South Metropolitan TAFE gives you the opportunity to apply for select VET courses that are quality managed by ONSITE to ensure the best possible outcomes for all students.

The courses are Profile Funded so there is no cost to do the actual Certificate course to the student (usually between \$2000 - \$4000).

Courses are 1 year in length and can be done in Year 11 or 12 if you are accepted into a course.

Courses require you to attend TAFE either 1 day per week (Friday's) or week blocks (school holidays) or a combination of both.

Work experience through ONSITE is required as most courses have minimum work experience hours to gain the Certificate. There is a cost for the work experience component which is subsidised by your school.

WACE credits can be achieved.

See reverse for courses on offer. Places are limited so talk to your school coordinator to find out how you can apply.

Get Your FUTURE Started

Get your career advantage right here when you combine
Your ONSITE work experience with one of the
ONSITE/TAFE VET partnership courses overleaf.

THE DREAM FACTORY:

CERTIFICATE III HEALTH SERVICE ASSISTANCE

Combine relevant work experience, as you prepare to become a Health Care worker. This is an active, physical career which provides assistance to healthcare staff and clients. The course leads on to other pathways in the health care field including Nursing and Aged Care to name a few.

THE DREAM FACTORY:

CERTIFICATE II DATA & VOICE COMMUNICATIONS

Want to work in the building and construction industry but not sure which area? Start with the basics here at North Metropolitan TAFE where you will learn how to level, square and construct from the ground up. The focus of this course is on the wet trades - tiling, bricklaying, plastering, ceiling fixing etc.

DREAM FACTORY:

CERTIFICATE II CONSTRUCTION TRADES PATHWAYS

Want to work in the building and construction industry but not sure which area? Start with the basics here. At North Metropolitan TAFE you will learn how to level, square and construct from the ground up. The focus of this course is on the Wet Trades - tiling, bricklaying, plastering, ceiling fixing etc.

THE DREAM FACTORY:

CERTIFICATE II PLUMBING (PRE-APPRENTICESHIP)

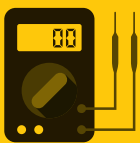

Your training will cover many skills in the plumbing stream. Graduate from school and be a leading candidate for an apprenticeship. Find out how you can get ahead at the Information Night. Talk to your school coordinator and find out how to apply.

THE DREAM FACTORY:

CERTIFICATE II CARPENTRY

When you complete this Certificate, you'll be what employers are looking for as an apprentice carpenter and joiner. You will learn to use manual and power tools; construct wall frames; install flooring; interpret plans; measure and calculate the right amount of materials for the job; work with scaffolding safely at heights; and workplace health and safety.

THE DREAM FACTORY:

CERTIFICATE II ELECTRONICS

When you complete the Certificate II in Electronics you'll be flicking the switch on a career in electronics, providing a foundation for entry to a range of studies in fields such as: Electronics, Electrical, Computer Assembly & Servicing, Refrigeration & Air Conditioning, Security & Fire Alarms, Telecommunications and more.

THE DREAM FACTORY:

CERTIFICATE II METAL ENGINEERING (FABRICATION PRE-APPRENTICESHIP)

Metal fabricators and welders work in a diverse trade, applying a broad range skills to industries including: mechanical and civil engineering, mining resources sector, heavy haulage and road transport, agriculture machinery, construction, defence etc.

THE DREAM FACTORY:

CERTIFICATE II HAIRDRESSING (SALON ASSISTANT)

If you are creative and like helping people feel and look good, hairdressing could be for you. This could be your chance to shine and get ahead of the pack. In this course, you will develop all the skills of a salon assistant with a view to gaining an apprenticeship on completion.

THE DREAM FACTORY:

CERTIFICATE II FURNITURE MAKING

If you like to work with timber and want to learn how to make great cabinets or furniture, then this is the course you should choose. You will learn how to work from plans or drawings, safety in the workplace, use of hand and power tools, various finishes and the use of static machines.

AHG123 PROGRAM:

CERTIFICATE II AUTOMOTIVE

Our major partner AHG (Automotive Holdings Group) cover the full range of vehicle brands and servicing. In the course you will learn the basic concepts of service and repair of light and heavy vehicles. By the end, you will have identified whether you are more interested in cars or trucks as you build on your knowledge and will focus on gaining an apprenticeship.

Please note: Courses will only run where minimum student numbers and funding is provided for the course. Talk to your school VET coordinator to find out more.
