What is VET Delivered to Secondary Students?

Vocational Education and Training [VET] Delivered to Secondary Students is a program delivered to school students as part of the Western Australian Certificate of Education.

The courses on the following pages have been specifically chosen to provide you with clear career pathways after high school. They will give you practical skills and an understanding of what to expect from the workplace and, once completed, may provide credits towards other nationally recognised qualifications, or lead to employment.

NMTAFE offers a range of courses and pre-apprenticeships as part of our VET Delivered to Secondary Students programs.

VET Delivered to Secondary Students courses allow you to:

- Gain a nationally accredited VET qualification and units of competency while completing your Western Australian Certificate of Education (WACE);
- Attend a NMTAFE campus one or two days per week to complete your course and participate in your normal school program on the other days;
- Develop practical, industry specific employability skills; and
- Gain an understanding of the world of work, providing you with valuable experience to assist with planning and pursuing your career pathways.

Eligibility

NMTAFE offers VET Delivered to Secondary Students courses to all secondary school students throughout the Perth metropolitan area.

You must be completing Year 11 or 12 in 2021 to be eligible to apply.

You must be an Australian Citizen, Permanent Resident or temporary resident holding one of the following visa types:

- Sub-class 309, 444, 785, 790, 820 or 826 visa;
- Secondary holder of a temporary visa of sub-class 457; or
- Bridging Visa E (subclasses 050 and 051) where the visa holder has made a valid application for a visa of subclass 785 or 790.

How to apply for a VET Delivered to Secondary Students program

Please contact the VET Coordinator at your school for information on how to apply.

Please be aware that delivery of these courses is subject to sufficient enrolment numbers and contingent on the support of the Department of Training and Workforce Development and although we do not anticipate (at this stage) any changes, we will not be able to confirm that these courses will run until late in 2020.

Fees and charges

Secondary school students undertaking VET courses as part of their secondary education including pre-apprenticeships in schools (PAIS) courses are exempt from tuition, resource and enrolment fees [excludes Fee for Service courses]. However depending on the chosen course students may be required to pay incidental fees, obtain a First Aid Certificate from an external Registered Training Organisation such as St John, purchase a uniform, protective equipment, text books or trade equipment/tools.

For further information regarding our VET Delivered to Secondary Students program, please contact

E VETDSS@nmtafe.wa.edu.au
Attending a VET Delivered to Secondary Students course
You are responsible for your own transport arrangements to and from the NMTAFE campuses.
You are also responsible for ensuring that you attend all scheduled classes, including those that may occur on a school designated pupil free day. Attendance will be recorded and any absences are reported to your school. The school’s VET Coordinator will be contacted to discuss the appropriateness of a student continuing if there are repeated absences.
You are required to inform your lecturer in advance if you will be absent from any scheduled classes. Poor attendance may mean withdrawal from the course.

Student responsibilities
As a student attending a VET Delivered to Secondary Students course at NMTAFE, you will have the opportunity to learn in an adult environment with students of all ages and diverse backgrounds.
There is an expectation that when attending classes you will assume a greater responsibility for your own care and safety than may be the case when attending school.
As with all students enrolled at NMTAFE, you are expected to adhere to the Student Code of Conduct.
While attending NMTAFE, you are under the supervision of the lecturer taking the class.

General Information
NMTAFE is the premier training organisation servicing the inner city and northern metropolitan area of Perth, with campuses in Perth (Northbridge), Mount Lawley, Leederville, East Perth, Nedlands, Joondalup, Clarkson, Balga and Midland.

Work experience
Some courses may involve work practice/experience to support the learning program. Under each course you will find details of any work practice requirements. You will be required to document work practice hours and provide your lecturer with a copy of your logbook. You will be responsible for arranging your own transport to and from the workplace.

What you will need to bring
Under each course you will find a list of items that you will need to bring with you to complete the course.

What you will need to wear
You are not required to wear your school uniform when on campus but you are expected to dress appropriately. Where special or protective clothing and/or footwear is required, it must be worn without exception. If you forget to bring protective clothing you will be excluded from the campus workshops/classes and your school will be informed.
Campuses

Balga
Since its inception, our Balga campus has developed into a major centre for building and construction training across a range of areas, specialising in builder registration qualifications, bricklaying, plumbing, stonemasonry and wall and floor tiling, to name just a few. The contemporary equipment provides you with a competitive edge in the training arena and ensures you will continue to receive industry-relevant training.

We also provide training in areas such as community services, business, business administration, computing, information technology and hairdressing.

Clarkson
This state of the art facility focuses on VET Delivered to Secondary Students programs and pre-apprenticeship training for the northern corridor and is accessible via bus service from Clarkson train station.

Our Clarkson campus offers training programs in bricklaying, plastering, tiling, carpentry, joinery, metal fabrication and electrical trades.

The design includes dedicated training workshops and open spaces for each trade. It delivers trades training in a real world environment to ensure you have exposure to different disciplines and learn to work collaboratively on projects.

East Perth
Located close to cafes, shops and public transport, including the free CAT buses, the East Perth campus is a Resources Industry precinct and offers programs in sustainability, building and construction, mining, surveying, science and technology.

Other programs also located at East Perth include digital content, science, resources and environmental, IT and networking.

Joondalup (Kendrew)
Our campus located in Kendrew Crescent enjoys a tranquil lakeside location in the heart of Joondalup, one of the fastest growing regions in Western Australia.

It is only a short walk from Joondalup’s rapidly growing central business district, Lakeside Shopping Centre and Joondalup Bus/Train Station, connecting you to Perth in less than 25 minutes.

Joondalup (McLarty)
This Health and Wellness Training campus features an $11 million simulation hospital which gives students an understanding of what it’s like to work in a live hospital environment; as well as two lecture theatres and a fully operational training gym for fitness students to develop their personal training skills.

Leederville
This campus is located in the heart of Leederville, close to cafés, restaurants, shops, recreation facilities and public transport.

Leederville is our Human Services precinct and provides training to over 4,000 students annually in a range of programs including community services, children’s services, aged care, disability services, youth work and mental health. We also deliver sport and recreation, and music programs.

The campus houses an industry standard professional recording studio and live performance venue with full staging, lighting and sound production.

Midland
Our Midland campus, surrounded by the Blackadder and Woodbridge creeks, is located in the Swan Valley region. At Midland, our courses focus on trades including automotive, metals, carpentry and joinery.

Other courses include business and finance, education and childcare, computing, and adult literacy.

Horticulture and land management are also offered with students having access to an operational nursery and a conservation and land management site.

Mount Lawley
Mount Lawley campus is conveniently located near the Beaufort Street cafe strip and close to public transport. The campus is known for its focus on health services, and houses a simulated hospital learning environment.
Perth (Northbridge)
The vibrant Perth campus is located in the centre of the cultural area of Northbridge and close to the heart of the city.

Perth comprises of five main buildings, each with excellent facilities that are all located in and around Aberdeen Street, just off William Street. The campus houses centres of specialisation in building and engineering, creative Industries, travel and tourism and english language and other languages.

The building at 30 Aberdeen Street houses training portfolios for the key skill areas of engineering, architecture design and building, and programs for the lifestyle industries including high tech massage and beauty therapy treatment rooms.

Accounting

FNS30317 Certificate III in Accounts Administration

Year 11 or 12 start - 1 year duration
This course is ideal if you are comfortable working with numbers and financial concepts or have good problem solving and analytical skills. It will introduce you to basic accounting skills and terminology and prepares you for a role as an accounts clerk.

You will learn how to complete clerical tasks such as recording and creating summaries of an organisations’ financial transactions, processing journal entries, completing payroll and bank receipts and preparing, processing and maintaining financial records.

If you have an eye for figures, can think on your feet, and enjoy working with others, then this is an excellent qualification to launch you towards a highly successful and rewarding career.

- AUR30616 Certificate III Light Vehicle Mechanical Technology
- AUR20416 Certificate II in Automotive Electrical Technology
- AUR30316 Certificate III in Automotive Electrical Technology
Beauty Therapy

SHB30215 Certificate III in Make-Up

Year 11 start – 2 year duration
Are you ready to make the world beautiful? If you are passionate about the exciting world of make-up and would like to work in make-up studios, cosmetic retail, fashion and media sets or photography studios then this course could be the perfect one for you.

You’ll gain the artistic techniques and business skills needed to start your own make-up artistry business, or work in a retail environment or in fashion as a runway specialist. You could also work in photography covering bridal and fashion or in the film and television industry.

You will also acquire the latest airbrushing techniques, an advanced skill being taught as part of this creative and artistic make-up qualification at NMITAFE. Relationships with both clients and industry are important and these aspects will be covered in your course with a focus on live salon works and engagement with industry professionals such as photographers.

Additional incidental costs
Incidental fees - $300.00

You must bring/wear
• Make-up brush set - available from the college bookshop at an approximate cost of $120
• 1 towel for the bed which can also be used during make-up for the layout of products
• 1 gown for tanning (modesty)
• 1 headband
• Stationery - pen, notepad, file
• Compulsory uniform - wide straight black pants (no leggings or jeans), full length black t-shirt (no crop tops or bare midriffs), flat black enclosed footwear.
• Minimal jewellery, no false nails, hair must be tied back.

More information will be given about specific requirements on the first day.

Work practice
You will be expected to provide models to demonstrate your practical skills in our live works clinic on campus.

Job outcomes
• Professional Make-up Artist
• Freelance Make-up Artist
• Cosmetic Retail Assistant

Building and Construction

52824WA Certificate II in Building and Construction (Pathway - Carpentry and Joinery)

Year 11 start – 2 year duration
Do you have a burning desire to work with wood? When you complete the Certificate II in Building and Construction you’ll be what employers are looking for as an apprentice carpenter and joiner.

Many employers now prefer apprenticeship applicants to have completed a pre-apprenticeship and this course will give you the skills, knowledge and behaviours to prepare you and make you more competitive when applying for apprenticeship positions. It will give you a better chance of gaining an apprenticeship and a flying start in learning a trade.

You will learn to use manual and power tools; construct wall frames; install flooring; interpret plans; measure and calculate the right amount of materials for the job; work with scaffolding safely at heights; and workplace health and safety.

Year 11 or 12 start – 1 year duration

Imagine being able to make a difference to people’s lives every day you work. Begin your journey towards a rewarding career in Community Services with this introductory program.

This course will give you the practical skills, theoretical knowledge and confidence to continue study across the community services sector. Community Services involves working with a range of people including youth, aged, people with a disability, those with mental health or alcohol and drug issues, refugees, migrants and the homeless.

You will learn foundation skills in communication to prepare for work in community services, health and safety, and working with others. You will put these skills into practice with a short field placement. This will help you expand your knowledge and understanding in various community services areas.

Additional incidental costs

You may be required to purchase text books, more information will be given on the first day.

Additional material cost - approximately $40

You must bring/wear

- First Aid Certificate - HLTAD003
- Stationery, notebook/lecture pad
- USB drive

Work practice

In addition to attending classes you will be required to undertake 20 hours of work placement outside of class time. This will be during Term 2 or 3 of the program. The work placement must be initiated by you in partnership with your school.

Job outcomes

Completing a Certificate II qualification is highly recommended to pursue a career in your chosen field.

Possible job outcomes may include:

- Personal Care Assistant
- Personal Care Worker
- Personal Care Giver
- Home Helper
- Assistant Community Services Worker

For information about jobs and pathways, visit joboutlook.gov.au

Study pathways

CHC32015 Certificate III in Community Services
CHC30113 Certificate III in Early Childhood Education and Care
CHC30213 Certificate III in Education Support
CHC33015 Certificate III in Individual Support (Ageing/Disability/Home and Community)
CHC30213 Certificate III in Education Support

Year 11 start - 2 year duration

In this course you will develop the skills and knowledge to assist the teaching staff in schools and provide care and supervision for children from kindergarten to Year 12. It will provide you with a customised program in learning support to prepare you for roles such as education assistant.

You will learn how to implement planned education programs, assist students in their learning and development, contribute to the safety and health of students and support students with additional needs. You will also learn how to work effectively with culturally diverse students and colleagues.

As part of this qualification you will undertake a supervised work placement where you will be able to apply the skills and knowledge you have learned in a classroom setting.

Certificate III in Education Support students are required to obtain a Working with Children Check, a Department of Education Police Clearance and medical clearance before attending work placement. Students aged under 18 will be required to obtain a Confidential Statutory Declaration and a medical clearance.

You must bring/wear

- First Aid Certificate - HLTAI004
- Closed in shoes
- Pencil case with stationery supplies - scissors, ruler, eraser, pens, pencils, coloured textas and pencils
- File with file dividers and lined paper for note taking
- USB drive

Work practice

In addition to attending classes you will be required to undertake a work placement. Students need to complete 163 hours placement over the duration of the course.

This can be undertaken one day a week or in block weeks depending on the school/student timetable. Block weeks are normally undertaken in the exam weeks.

The work placement must be initiated by you in partnership with your school.

Work place duties

- Assist with the delivery of lessons in class
- Assist with preparation and maintenance
- Assist with supervision of students
- Assist with the care and well-being of students
- Assist in preparing and distribution of food
- Assist with the arrival/departure of students
- Assist students with dressing/undressing and toileting
- Assist with the management of resources
- Provides administrative assistance

Job outcomes

Successful completion of this qualification provides you with the opportunity to become an education support assistance working with students in mainstream classrooms and students with additional needs.

Study pathways

CHC40213 Certificate IV in Education Support
Electrical and Electrotechnology

**UEE20511 Certificate II in Computer Assembly and Repair**

**Year 11 start – 2 year duration**

If you love tinkering around with soldering and electronics parts, this is the perfect course for you. It will give you a foundation for further study in fields such as electrotechnology, electronics, computer assembly and servicing, radio communications, telecommunications, security and fire alarms and robotics.

Successful completion could lead to an apprenticeship or employment as a technician’s trade assistant in these areas. Many employers regard basic training in electronic theory as a pre-requisite to employment. This course provides you with knowledge in basic DC circuit theory, hand skills and practical skills for the assembly, installation, repair and re-assembly of electronic and computer equipment, while working under supervision.

It provides a custom blend of DC circuit theory and engineering mathematical skills, along with electronic component identification and handling procedures. You’ll also gain skills related to hand soldering, component placement and mounting onto a printed wiring board.

Hairdressing

SHB20216  Certificate II in Salon Assistant

Year 11 or 12 start – 1 year duration

Are you ready to begin training for an exciting career in hairdressing?
If you are passionate about the creative and dynamic world of hairdressing, then this course could be the perfect one for you. It will give you an insight into the craft of hairdressing and what to expect from working in a salon or barbershop.

Once you have successfully completed this qualification you’ll have the skills and knowledge to support hairdressers as a salon assistant and you will have gained a valuable experience that will impress potential employers and may lead to employment.

You will cover topics such as:

- Shampooing, colouring and braiding
- Maintaining hairdressing tools
- Scheduling appointments
- Merchandising
- Workplace health and safety

NMTAFE also offers further study opportunities in hairdressing or barbering that will help you on your way to becoming a fully qualified hairdresser.

Qualification Duration  Delivery Information  Campus
1 year (3 terms)            Thursday                  Balga

Health Services

HLT36015 Certificate III in Population Health

Year 11 start - 2 year duration

Interested in working in primary health, community health, allied health or health promotion? Then this is the qualification for you. The Australian health care sector is changing and in the future the focus for health will be away from the hospital setting and in the community. Preventative health, health screening and health education are key factors towards building a healthy society and keeping people well and out of hospital.

Complete a qualification that will prepare you to work in this diverse sector. The job and pathway opportunities can take you in many different directions including allied health, health promotion, primary care nursing, enrolled nursing, registered nursing, child health, community health, midwifery, marketing, alcohol and drug education, mental health, leisure and health, community services, disability work, aged care and youth health.

This course has a very practical focus and you will develop skills to encourage people to identify positive health related behaviours, take clinical measurements to collect information on a person’s health status, provide health education, identify the social determinants of health and how they impact on individuals and communities, identify strategies and techniques to develop health education and promotional material and learn about the diverse primary care sector. Be one of the first to complete this course as an entry point into this exciting, developing area of health.

Plumbing

52700WA  Certificate II in Plumbing (Plumbing Pre-Apprenticeship)

Year 11 start – 2 year duration
This course will provide you with the practical skills and knowledge required for a career in the plumbing and servicing industry. You will learn skills in basic plumbing, how to weld using oxy-acetylene and how to cut and join sheet metal. As part of this course you will undertake a supervised work placement where you will be able to apply the skills and knowledge you have learned.
Successful completion over the two years will provide you with a Certificate II qualification and a Statement of Academic Record which will be credited toward a pathway in an apprenticeship training program.

Additional incidental costs
You will be given course materials and reference books.

You must bring/wear
• First Aid Certificate - HLTADA002
• Personal Protective Equipment - steel cap safety boots, clear safety glasses, cotton drill shirt and pants
• Writing equipment

Work practice
In addition to attending classes you will be required to undertake 125 hours of work placement outside of class time. As a Pre-Apprentice Plumbing student you will be required to complete 63 hours working directly with a registered Plumber.
The work placement will be arranged by NMITAFE staff in partnership with the school.

Job outcomes
Successful completion of this qualification provides you with the opportunity to gain an apprenticeship/traineeship in Plumbing. You will need to be employed and registered as an apprentice/trainee before you can commence apprenticeship/traineeship training.

CPC32413 Certificate III in Plumbing (Apprenticeship)
Surveying

CPP20116  Certificate II in Surveying and Spatial Information Services

Year 11 or 12 start – 1 year duration

At NMITAFE, students learn the latest developments in research and industry from expert lecturers, with real world experiences. This qualification applies to students undertaking pre-vocational training, who want to enter the workforce as an assistant to a field surveyor. The course will give you the practical skills and knowledge to work with spatial data to read and interpret maps. You will learn about safety, performing computations and the skills necessary to operate in the field.

After gaining basic surveying skills, you can transition to an entry-level job in the surveying and spatial information services sector or continue with further study in surveying at NMITAFE.

Fee for Service Course

SIS30115 Certificate III in Sport and Recreation

Athlete Development Centre

NMTAFE established its Athlete Development Centre (ADC) in 2009, and has strong partnerships with the sports industry such as West Coast Eagles, Football West, Volleyball and Swimming WA among others.

We are offering this unique program again in 2021. The Certificate III in Sport and Recreation, along with your WACE, will ensure you are well prepared for entry into the Certificate IV in Sport Development (which includes participation in the full time ADC) or the Certificate III and IV in Fitness.

You will cover topics such as:

- Planning and delivering sport and recreation sessions
- Programming
- Nutrition
- Sustainability and environment
- Social media and sports technology
- Coordinating sports competitions and events
- Risk management
- Emergency planning

Due to the fast paced nature of the course, it is also recommended that you have a minimum 2 years previous and ongoing experience as:

- a player, coach or official in a sporting club; or
- an active member of a gym/fitness centre.

Pathway

Successful completion of this qualification provides you with job role opportunities within fitness centres, sporting grounds or complexes, leisure, aquatic and community recreation centres. In addition, on successful completion of the Certificate III, graduates may transition into the full time SIS40419 Certificate IV in Sport Development or SIS50319 Diploma of Sport course.

T  1300 300 822

Course fees

$3,281 (2020 course fee)

You must bring/wear

- First Aid Certificate - HLTAD003
- Hat, water bottle, closed footwear (joggers), appropriate attire for physical activity, whistle
- Pens, pencils, notebook

Work practice

Not applicable

Eligibility

You must be completing Year 11 or 12 in 2021 and be on track to meet minimum requirements for WACE.

There are no pre-requisites for the course, but ideally you will be completing Physical Education Studies or have previously attained a Certificate II in Sport and Recreation.
