WORKING IN A CATHOLIC SCHOOL A STATEMENT OF PRINCIPLES

The philosophy of Catholic education has been expressed in many Church documents since the Second Vatican Council. Whilst the Catholic school is accountable to the community for the provision of quality education to its students, it is accountable also to the Church community for providing this education within the context of Gospel values as espoused by the Catholic tradition. The Catholic school is more than an educational institution: it is a key part of the Church, an essential element in the Church's mission.

The Catholic education philosophy reveals a concern for an education which combines sound knowledge and skills, with an overall personal development based on Christian values.

It is expected that staff members employed in a Catholic school will perform conscientiously and competently the duties, they are assigned by the Principal in accordance with normal practice in Catholic schools.

Staff members should help maintain an atmosphere of charity and justice within the school, as would be expected in any community.

Only a person supportive of Catholic educational philosophy and Catholic values may work in a Catholic school. Staff members bear witness to Christ and Christian values in their own conduct and manner of life.
