SEQTA Engage information for Parents.

SEQTA Engage is the online portal that will allow you to be able to easily interact and engage with your child’s teachers and track your child’s educational goals.

Access to SEQTA Engage.

This can be done in two ways:

1. Via the school website [wwwaranmore.wa.edu.au](http://wwwaranmore.wa.edu.au)
   Clicking on the stay connected banner and selecting the parent portal.

   ![SEQTA Engage Access](image)

   This will direct you to the Parent Portal page. Then just click the “PARENT SEQTA LOGIN” link to be taken to SEQTA Engage. (shown below)

   ![SEQTA Engage Login](image)
2. You can also just enter https://parentaranmore.wa.edu.au to be taken directly to the SEQTA Engage login screen.

You will be asked then to enter your username and password. Your username is in the form of your first and last name separated by a period (full-stop). For example, if your name is “Jacob Einstein” the username would be:

    jacob.einstein

The username is not case sensitive however, the password is.

For your first login your password will be:

    password
It is a requirement to change your password upon the first login.
This can be done via the “Settings” tab on the right hand side of the page. (shown below)

A more detailed manual on SEQTA Engage functionality will be soon accessible via the school website.

Please be patient with us and the flow of information available on SEQTA Engage. It is a very new system the college is using, with teachers being at different levels of proficiency.

As the year progresses, new functions and information will be able to be accessed... also there will be bugs to sort out too!

If you have any problems with logging in, or questions, please email:
